

Introducing... **FINISHLOC**

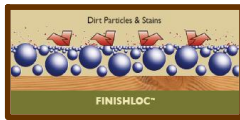

Lifetime Finish Warranty

This new and improved Harris Wood Finish comes with a Lifetime warranty! FINISHLOC is now available on Harris Wood Floors exclusively and sold exclusively through Bolick Distributors!

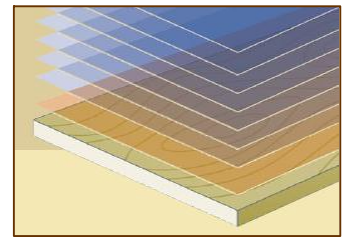

➤ Traditional finishes allow dirt particles and stains to penetrate which leads to dull, scuffed floors over time.

➤ Advanced finish system contains millions of microscopic particles that form a shield to "Loc" in and protect the finish.

Why... FinishLoc??

Stain & 7 layers of aluminum oxide enhanced FinishLoc are applied, sanded and UV cured making the finish ultra strong.

- **WEAR & SCUFF RESISTANCE** – Ten Times more abrasion resistant when tested against finishes that contain Aluminum Oxide alone
- **GLOSS RETENTION** – Finishes maintain their original transparent shine allowing the beauty of the wood to show through
- **STAIN RESISTANCE** – Household spills such as mustard, shoe polish and markers clean right off!!!

Look for your Bolick Sales Representative to come by soon and update your Harris Wood Floor samples with FinishLoc lifetime warranty information.
